

Muni Tour

A season-long net points race across Texas's best municipal courses.

MUNI TOUR
CHAMPIONSHIP

FORMAT

Season-long net points race — 9 munis, 3 cities

SEASON

September – May

HOW TO QUALIFY

Top 4 per city → 12-player single-day playoff

THE PRIZE

Muni Tour title + a Roost Regional Team spot

Play the 9 STROH's munis across Austin, Houston, and San Antonio whenever you want, with whoever you want. Top-10 net scores at each course earn points; your city's three courses add up to your City Score. The top 4 in each city make the 12-player, single-day playoff.

How Scoring Works

- **Net score** = gross – your course handicap. Everyone competes on a level field.
- Each course has its own leaderboard ranked by net. The **top 10 net scores earn points**: 10 for 1st, 9 for 2nd, ... down to 1 for 10th. Outside the top 10 earns 0.
- **Ties split the points** between the tied positions (a T2 pair each get 8.5).
- **One counting score per course** — your most recent *declared* round there.

Your **City Score** is the sum of your points at that city's three courses. Play more courses and you have more chances to score — playing more can only help.

The Courses

AUSTIN

Jimmy Clay

Morris Williams

Riverside (ATX)

HOUSTON

Gus Wortham

Memorial Park

Sharpstown

SAN ANTONIO

Brackenridge Park

Cedar Creek

Riverside (SA)

Making the Playoff

- The **top 4 on each city leaderboard** qualify → a **12-player playoff**.
- No overall board and no wildcards — your path in is through the city leaderboards.
- **Top-4 in two cities?** You keep the seat in the city where you finished **higher**; the other city slides everyone up one.

Posting an Official Round

1. **Declare in the Discord thread before your first tee shot** — name who you're playing with and everyone's course handicap.
2. **Play with at least one other STROH** to attest. Full Rules of Golf.
3. **Submit your gross score + course handicap within 24 hours** via the scoring form.

Mulligan Rounds

You can replay any course as many times as you like — but it's a commitment: the moment you declare a round, it **replaces** your previous score there, better or worse. Walk off under your own power and it posts as a **150**. Weather or a genuine emergency voids the round and your prior score stands.

Tie-Breakers

For a cut line (e.g. two players tied for a city's 4th seat): **head-to-head** on shared courses → **countback** (best single net round, then next) → **most recent** counting round.
